## SEEK VACATION HOMES HERE FOR N.Y. CHILDREN

Mrs. Henry T. Bream, chairman, and six other members of the Adams county "Friendly Town" committee which plans to bring children from the low-income areas of New York city to the county again this summer for a two-week vacation period, met Friday afternoon at the Hotel Gettysburg and mapped plans for obtaining vacation homes for this year's guests.

The vacations are arranged by the New York Herald Tribune's Fresh Air fund. Twenty-one children were entertained in 17 Adams county homes last year. The committee Friday afternoon expressed the hope that more than this number can be given "country" vacations this year, between July 27 and August 10. The committee must know some time in advance how many homes will be available, and at its meeting asked that prospective hosts, county families willing to entertain New York youngsters for two weeks, notify Mrs. Bream or other members not later than July 1.

**Need Local Interest**  
Several means of arousing interest in the "Friendly Town" program were worked out by the committee Friday. Earl C. Pace, manager of Radio Station WGET, was present at the meeting and will cooperate in arranging radio programs with nearby radio stations. He said WGET would not be in operation in time.

Mr. Pace, chairman of the radio bureau of the National Fresh Air Fund, reported on methods used in the "Friendly Town" program at Front Royal, Va. "One of the best means of promoting interest is to interview, over the radio, members of families who entertained guests in previous years," he said. Service clubs will be asked to devote programs at one of their meetings to the Fresh Air fund. Movie trailers will be obtained for county theaters.

**Distribute Posters**  
"Friendly Town" posters were distributed Friday to committee members and will be placed in churches throughout the county to enlist support in the program.

Members of the committee at Friday's meeting, in addition to Mrs. Bream, were Rev. Dr. Ralph R. Greth, Mrs. Henry M. Scharf, Mrs. J. Walter Coleman, Mrs. Raymond F. Sheely, Mrs. John D. Teeter and Mrs. Leon H. Gage, Littlestown. Other members, not present, include Rev. Fr. Anthony F. Kane, Mrs. Frank Hewittson, Biglerville; Mrs. Ira M. Henderson, Fairfield; Mrs. Eugene E. Elfin, Jr., East Berlin, and Paul L. Roy.

## HAMPTON MAN HURT IN CRASH

A 30-year-old Hampton man was injured late Thursday night when he was hurled from his car as it rolled over on the Lincoln highway, three miles east of Abbottstown, state police of the York detail reported Friday.

The injured man, Frederick E. Decker, is a patient in the Hanover hospital suffering from shoulder and chest injuries and a possible neck injury. His condition was listed as fair.

Dale Rodgers, Abbottstown R. 1, told Trooper James Corbett that about 11:30 p.m. as he drove from the highway onto his property he noticed an automobile traveling at a fast rate of speed pass his car.

A short distance from Rodgers' property, the officer was told, the car, operated by Decker, ran off the highway onto the berm. When the driver made an attempt to get back to the highway surface the car rolled over on the highway and left the road a second time.

Police said the car ripped off five guard posts and came to rest on its left side against a guard railing. Trooper Corbett said he believed that Decker was thrown out of the car through a door before the vehicle turned over at the railing.

Unconscious, Decker was found lying 35 feet from the wreckage in a field at the bottom of an embankment. He was rushed to the hospital in the ambulance of the Hanover Fire company about midnight.

## Here And There News Collected At Random

**Rev. Fr. Mark E. Stock**, for many years rector of St. Francis Xavier's Catholic church, now a patient at St. Joseph's hospital, Lancaster, will observe the 41st anniversary of his ordination to the priesthood next Thursday. The 41st anniversary of his first solemn mass will be June 20.

Here's a little poem about "A Kid and His Dog" by Leroy J. Fluery, that we think is typical of our young Americans:

Honest, Mom, I didn't coax him.  
He sort of lagged along behind;  
Honest, Mom, I think he likes me —  
If I keep him, you won't mind?

Look, his little tail keeps wagging;  
See how cute he cocks his ear;  
Honest, Mom, don't think I'm bragging,  
But he seems to like it here.

Honest, Mom, he'd be so useful —  
He could help me with the 'chores.  
I'll just bet he'd pull a wagon  
With groceries from the store.

Some youngsters have to be born salesmen,  
If they get their folk's consent.  
To keep a faithful dog companion  
(That was nature's real intent).

Yet many men who have succeeded,  
Who've kept climbing up and up,  
Help to build the character needed  
While in youth they loved a pup.

Twenty years has made a great difference in the financial situation of our government. At the beginning of the great depression the net income of the federal government was \$3,189,000,000, while total expenditures (Please Turn to Page 5)

## TOWN CRIER TO SPREAD NEWS OF BIGLER MEETING

Biglerville will restore a custom of colonial days next week in connection with its planned first annual Town meeting Wednesday evening.

This evening members of the committee in charge went to Baltimore to secure a colonial costume suitable for a town crier, who will ride on horseback through the town on Tuesday and Wednesday evenings to cry the news—that the meeting will be held.

To make sure that everyone has his attention drawn to the news, the mounted town crier will ring a loud bell to announce his coming.

**To Adjourn At 9:30 P.M.**

The Town meeting, open to every resident of Biglerville, and all who consider Biglerville as their community center, will get underway at 8 o'clock Wednesday evening in the community hall, and will conclude at 9:30 o'clock no matter what may be going on at that time. Even though someone is in the middle of a speech at that hour, the committee asserted, the gavel will fall ending the session. Thereafter anyone is free to remain as long as he likes, and those who must leave will be free to go.

Oscar C. Rice, Jr., president of the Business club of the borough, will preside at the meeting and introduce the moderator and panel who will lead the discussion on all phases of Biglerville life.

Those who have suggestions to make, or questions to be answered, are asked to place them in a box located on the corner of Thomas Brothers building on center square in Biglerville. The box will be removed late this evening and all matters suggested in the box will be discussed.

Everyone attending the meeting may take part in the general discussion, it was pointed out.

The community hall is large enough to hold every adult in the Biglerville community area, the business club believes. It hopes to be proved wrong Wednesday night.

## NEW COMPANY CHARTERED IN ADAMS COUNTY

A new enterprise for Adams county, the Summit Mining Corporation, has received its charter from the state according to an announcement made today by an officer of the company.

The new company has capital stock of \$100,000.

H. G. Hess, of Lancaster, is listed as the president; George W. Ahl, Carlisle, vice president and general manager, Fred G. Pfeffer, Gettysburg, treasurer and Edward C. Beard, Gettysburg, secretary.

The new company is not identified with the recent purchases of many farms in the county, the purpose of which has not as yet been revealed.

The principal function of the new company will be the mining and processing of non-metallic minerals. The chief of these is pyrophyllite, a hydrous aluminum silicate, which over the past ten years has come into wide usage in industry as a carrier for insecticides, a filler for linoleum and a refractory agent in fire brick. The demand is growing for its use in ceramics, paper, paint and rubber, a company officer said.

## Lease 4,000 Acres

For the past three years, considerable geological work has been done in Adams and Cumberland counties and the company now has some 4,000 acres of land under lease on which extensive deposits of the various grades of pyrophyllite have been determined.

The company plans to build a processing plant at a point strategic to its principal deposits and roller mill equipment with air flotation system will be installed. In its initial operations about 20 men will be employed. The location of the new plant was not revealed.

A number of important factors have been studied carefully by the organizers of the company and the satisfactory findings of this study prompted the enterprise. Up to this time there have been only two operations of commercial deposits of pyrophyllite in the United States and these are both in North Carolina. As considerable exporting is contemplated through an agency of considerable reputation, the nearness to Baltimore and Philadelphia is of considerable advantage, the announcement said.

Several prominent chemical companies have tested and approved the company's product and in order to obtain the advantage of their business, arrangements have been made for air flotation at a seaboard plant until such time as the company's own plant is in operation.

Jones will be the only one in uniform, Weaver said, and will join Paul Anzenberger, Clarence Cluck and Homer Stevens for Saturday night and holiday traffic duty. Regular members of the police force include Chief of Police Robert C. Harpster, Charles W. Culp Jr., Ralph Fissel, Paul Shealer, Daniel Miller and Raymond E. Menges.

## Joseph A. Burke, Song Writer, Dies

Philadelphia, June 10 (AP)—Joseph A. Burke, the man who wrote many of the songs we've been singing since talking pictures came in, is dead at 66. Burke died yesterday at his suburban Upper Darby apartment.

But he left behind tunes that will live for years—"standards" they call them in Tin Pan Alley. Here are a few: "Carolina Moon," "Oh, How I Miss You Tonight," "Yearning," "I'm Dancin' With Tears In My Eyes," "In A Little Gypsy Tearoom," "A Little Bit Independent," "Moon Over Miami," "My Harbor Of Dreams," "Rambling Rose" and "For You."

From the first "Gold Diggers of Broadway"—one of the early movie musical extravaganzas—came his "Tiptoe Through The Tulips" and "I'm Painting The Clouds With Sunshine."

## Urges Study Of Forrestal Diary

Washington, June 10 (AP)—Senator Brewster (R-Mc.) urged President Truman today to study the late James V. Forrestal's diary for a possible clue to the origin of a "go slow" request in the 1945 Amerasia case arrests.

"If the President still feels the diary cannot be turned over to Congress, then I suggest that he examine it himself in this matter," Brewster said. "Then he could give us a report."

A Senate foreign relations subcommittee investigating the Amerasia secret documents episode reportedly has received testimony that Forrestal, this country's first Defense Secretary, probably advised delaying the arrests in the controversial case. The case involved discovery of hundreds of confidential government papers in the New York office of the now-defunct magazine Amerasia, and elsewhere.

Forrestal's diary has been locked up at the White House since his death last year in a plunge from an upper floor of a naval hospital near Washington.

## Cub Scout Stunt Puts Biglerville's Youth On High Level

Biglerville—at least the younger element of the community—is "up in the air" over an idea of Dean Asquith, East York street resident of Biglerville and one of the scientists engaged in fruit research at the South Mountain Fruit Research laboratory.

Asquith, as a member of the committee for Cub Scout Pack 71, of Biglerville, is in charge of programming for the pack this month. Thinking about for some way to combine studies in carpentry with excitement, pleasure and development of coordination, he decided to suggest that the 25 members of the Cub Pack make stilts and walk on them.

The youngsters took to the idea with the same abandon that their fathers and grandfathers did some years back when those elders of the community were among the youngsters.

All of the other youngsters in the community, seeing the Cub pack suddenly "getting up in the world," immediately adopted the project for themselves; and any youngster today not elevated a foot or so above the sidewalks is looked down upon by his associates.

Frank N. Hewetson, who aided and abetted Asquith in starting the program, today almost decided to call quits when he saw one youngster, unable to make stilts, walking about town on top of two tin cans.

## "Captain Harry" At Battery Reunion

St. Louis, June 10 (AP)—President Truman slipped easily into his old role of "Captain Harry" of Battery D today to frolic with World War One comrades, even as he prepared to unleash another blast at Soviet aggression.

He demonstrated the change of pace for which he is famous as he brought a week-end visit to his native Missouri toward a close by sampling everything the annual reunion of the 35th Division had to offer.

It was enough to exhaust many a man of his 66 years. But Mr. Truman added an extra touch—a 3½ mile ride in an ancient coach pulled by four black horses.

The mood switches back to the solemn at 3 p.m. (EST) when he delivers the second of two major foreign policy talks at Jefferson Memorial on the Mississippi river front. The Voice of America decided to broadcast the speech—hailed by his aides as the toughest indictment yet of the Russians.

## 'Phone Company Is Installing Cables

# GIANTS CLIMB TO 5TH PLACE; YANKEES LOSE

By JACK HAND  
(Associated Press Sports Writer)

Now Leo Durocher can say "I told you so." With "my kind of team," Leo is turning the dope topsy turvy in the National League.

The New York Giants drew nothing but boos and catcalls in April and May. In June, they're the darlings of Broadway. Since Leo's gang moved west, they've been red hot.

With seven straight wins and eight out of nine on their second western tour, the Giants lifted themselves by their bootstraps from seventh to fifth place.

Only one game under .500 and just 5½ behind the leaders, the Giants command new respect in the pennant race. Currently they can't do anything wrong.

Brooks, Cards Win  
Turned out they didn't need yesterday's five-run explosion in the ninth at Chicago but it nailed down a 9-3 decision. The result boosted the Giants past the Cubs into fifth place.

Despite the commotion to the rear, Brooklyn and St. Louis continued to match steps in a first-place tie. The Dodgers squeaked past Pittsburgh, 9-7, in the afternoon but St. Louis came right back to take an 8-5 night verdict over Boston.

Manager Burt Shotton called in Don Newcombe, his ace, when the Pirates staged a threat in the ninth. Big Don made Danny Murtaugh hit into a game-ending double play. Roy Campanella's two-run homer in the eighth and Pee Wee Reese's homer in the ninth led the Brooks home safe.

Jaw Is Fractured  
Home runs weren't enough for the Boston club at St. Louis. Two by Walker Cooper and one each by Earl Torgeson and Sam Jethroe, all off winner Max Lanier, fell short of victory. Three barks by loser Bob Hall of the Braves were costly. The Philadelphia at Cincinnati game was rained out.

Detroit salvaged the last game of three at New York, crushing the Yankees, 13-7, in a game marred by an injury to the Yanks' Bob Porterfield.

Porterfield suffered a fractured jaw and concussion when hit on the left cheek bone by a pitched ball thrown by reliever Paul Calvert in the seventh inning. His condition was reported "good" at Lenox Hill hospital. The Tigers mauled Yankee pitching for 16 hits, pulling within 1½ games of the league-leading New Yorkers.

## Browns Beat Red Sox

The Boston Red Sox ran true to form, following a record-breaking 29-run day Thursday by losing to

Baltimore, 6; Toronto, 3.  
Rochester, 9; Syracuse, 3.

## AMERICAN ASSOCIATION

Columbus, 2-1; Indianapolis, 1-0.  
Milwaukee, 5; St. Paul, 4.  
Kansas City, 3; Minneapolis, 3 (10-inning tie).  
Louisville at Toledo postponed.

Hollywood, Calif.—Frank Buford, 195, Oakland, Calif., outpointed Abel Cestac, 223, Argentina, 10.

San Diego, Calif.—Irish Bob Murphy, 170, San Diego, stopped Bob Patterson, 164½, San Francisco, 4.

## Yesterday's Stars

(By The Associated Press)  
Battling: Johnny Lipton, Tigers—drove in four runs with triple and two singles in Detroit's 13-7 romp over Yankees.

Pitching: Sam Zoldak, Indians—squeaked Washington rally by retiring two men with two pitches, protecting 8-7 edge.

the last place St. Louis Browns, 12-7.

Even so, the Sox tied a record and broke another. Homers by Ted Williams (his 17th) and Bobby Doerr matched an old New York Yankee mark of 15 homers in four games. The seven-run total made it 56 in three games, four more than the old high.

Sam Zoldak pulled a "Joe Page" with a fine relief job to protect Cleveland's 8-7 edge over Washington. Zoldak, fourth Indian pitcher, needed only two pitches to stop a Washington rally and give Bobby Feller his fifth win.

Chico Carrasquel scored an unearned run off Bob Hooper in the eighth inning for Chicago's 3-2 edge over the Philadelphia A's. The Athletics' attendance continued to be most discouraging with only 2,709 for the night game.

Boulder, Colo., 25 miles northwest of Denver, is 5,350 feet high.
